NEW STUDENT TIPS

Attend the beginning-of-the-year street dances and activities—you'll wish you had when things slow down.

Remember that you probably irritate your roommate as much as s/he irritates you.

Keep your room neat on weekends—parents are known for surprise visits.

Don't overindulge at your first keggar, especially if it's your first experience with beer.

Try to pick up a copy of the Vidette every morning to find out what's happening around campus.

Stock up on plenty of popcorn—it makes a great snack any time of the day.

Separate underwear and jeans in the wash.

If you cram too much in the washer, nothing will get clean.

Pizza and beer are fattening, but fun.

Weekends start on Thursday.

Homesickitis—a call home does wonders for morale at both ends of the line.

Be careful not to overindulge in too many long-distance calls; the phone bill is a killer.

Give ISU a chance—most people are ready to return home the first weekend.

Be friendly—you're all in the same boat.

It's not always a good idea to move in with your best friend.

Start the beginning of each semester with a bang because when it gets to the end, you get pretty lazy.

Get to know your TA's and Professors personally—it may help when grade time comes.

Take your student ID wherever you go.

With 28 floors, it is among the world's tallest residence halls. Watterson is a twin-tower complex which houses 2,200 students in 10 houses. VanBuren House is male and Madison House is female. Smith, Jefferson, Randolph, Monroe, Adams, Pickering, Marshall and Clay Houses are coeducational. The houses are named for the first 10 United States Secretaries of State.

GET INVOLVED

Getting involved in Student Activities can be the difference between merely attending ISU and being a vital part of the University. Some of the advantages of involvement in extracurricular activities are learning more about your field of study, establishing new friendships, and just having a good time. Make the most of your life a Illinois State—get involved.

Student organizations and activities at ISU are as varied as they are plentiful. Many areas of interest are represented, including political, social, recreation, and leisure clubs as well as honorary societies.

Most of the student activities and organizations that are a part of the University are included in this listing. If you see anything that interests you, or if you are interested in starting your own organization contact the Office of Student Life and Programs, 146 Braden Auditorium, at 438-2151.

AN EXPERIENCE

ISU Offers Many Fraternities & Sororities

The 17 fraternities and 14 sororities on the Illinois State campus comprise what is commonly referred to as the "Greek System." The Greek System offers many channels through which a student can get involved—not only in his or her fraternity or sorority, but in campus and/or community activities.

College is more than just studying and grades; it is a unique living and learning experience in itself. Part of the idea behind college is to promote education in life, which is gained through the interaction with peers and elders. There is no better way to obtain this interaction than through involvement in programs—athletic, scholastic, service, and social. The Greek System offers opportunities to become involved in all of these types of activities.

For more information contact the Student Life & Programs Office, 146 Braden Auditorium, 438-2151.

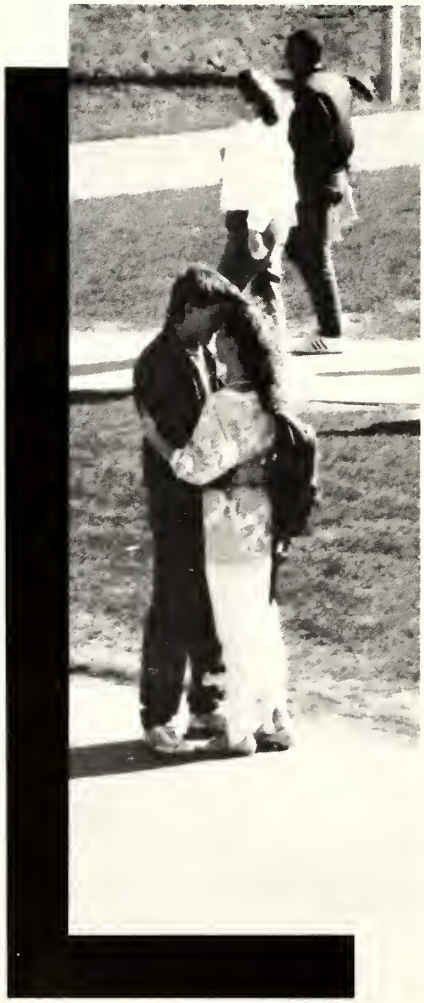
FRIENDSHIPS AS WELL AS ACADEMIC ACHIEVEMENT

Even though there are thousands of students attending Illinois State, most classes will be about high school class size. Some larger lecture sessions, of course, are the exception. There will be many opportunities to make friends in the classrooms, in living quarters, and through extracurricular activities.



T'WAS THE NIGHT BEFORE FINALS

T'was the night before finals,
And all through the college,
The students were praying
for last-minute knowledge,

Most were quite sleepy,
But none touched their beds,
While visions of essays
Danced in their heads.

Out in the taverns,
A few were still drinking,
And hoping that liquor
Would loose up their thinking.

In my own apartment,
I had been pacing,
And dreading exams
I soon would be facing.

My roommate was speechless,
His nose in his books,
And my comments to him
Drew unfriendly looks.

I drained all the coffee,
And brewed a new pot,
No longer caring
That my nerves were shot.

I stared at my notes,
But my thoughts were muddy,
My eyes went ablur,
I just couldn't study.

"Some pizza might help,"
I said with a shiver,
But each place I called
Refused to deliver.

I'd nearly concluded
That life was too cruel,
With futures depending
On grades had in school,

When all of a sudden,
Our door opened wide,
And Patron Saint Put-It-Off
Ambled inside.

His spirit was careless,
His manner was mellow,
But, seeing our state,
He started to bellow:

"What kind of student
Would make such a fuss,
To toss back at teachers
What they tossed at us?"

"On, Cliff's Notes! On, Crib Notes!
on, Last year's Exams!
Oh, Wingit and Slingit,
And Last-Minute Crams!"

His message delivered,
He vanished from sight,
But we heard him laughing
Outside in the night.

"Your teachers have pegged you,
So just do your best.
Happy finals to all,
And to all, a good test."

by Tom Naughton

IOWA

"There are few earthly things more beautiful than a University. It is a place where those who hate ignorance may strive to know, where those who perceive truth may strive to make others see; where seekers and learners alike, banded together in the search of knowledge, will honor thought in all its finer ways, will welcome thinkers in distress or in exile, will uphold ever the dignity of thought and learning and will exact standards in these things. They give to the young in their impressionable years the bond of a lofty purpose shared, of a great corporate life whose links will not be loosed until they die. They give young people that close companionship for which youth longs, and that chance of the endless discussion of the themes which are endless, without which youth would seem a waste of time."
